111976 CHANDELIER ARGENTO S

ASSEMBLY INSTRUCTION

Turn-off the electricity supply at main circuit panel before installing. Do not connect electricity supply until your ceiling light is fully assembled and installed.

Move the arms one by one until the luminaire looks balanced. Final balancing will be done after the luminaire is installed.

**CARE INSTRUCTION**

Wipe clean with soft, dry cloth.

Always avoid the use of harsh chemicals or abrasive cleaners as they may cause damage to the fixture's finish.

- 1** Determine the desired height of your chandelier and connect the extension pipes. Thread the wire from the lamp through the pipes. Three pipes are included, extra extension pipes can be ordered.

- 3** Fix the ceiling plate (A) to the ceiling by using mounting plugs and screws suitable to your ceiling type. Guide the wires through the plate. Place or hold the lamp in an elevated position in such a way that the wires can freely reach the ceiling junction box.

- 4** Connect the 3 power wires according to their colours to the connector. Brown is the live wire, blue is the neutral wire, green/yellow is the earth wire. Place the ceiling canopy (B) flush against the ceiling and fix it securely with the two nuts supplied.

- 5** Adjust the arms until your luminaire is balanced.

Place the G4 lightbulbs (included) and carefully screw on the glass balls.

**FINAL**
